Sewerage and Water Board of New Orleans' Public Education and Awareness Outreach Plan

July 12, 1996

Prepared by:

* The SWB Community and Intergovernmental Relations Department
* The Public Relations Group Inc. of New Orleans
* Communirep Inc.

Objective

To reach a broad audience of customers with timely, pertinent, helpful, environmental and educational information about the Sewerage and Water Board's sewerage, water and drainage systems.

The Plan

During a 12-month period beginning in August, 1996, the Sewerage and Water Board of New Orleans, under the direction of its Community and Intergovernmental Relations Department, will:

✓ Participate in:

  15 Neighborhood/civic association meetings
  6 Environmental group meetings or forums
4 Business organization meetings
10 Programs at elementary schools
10 Programs at middle schools
10 Programs at high schools
3 Town Hall meetings conducted by the Mayor
7 Town Hall meetings conducted by members of the City Council
1 Lake Pontchartrain Basin Foundation "Back to the Beach" Party (Booth and Exhibit)

✓ Conduct:

8 Senior citizen group meetings
1 "Earth Day" Program *
1 "National Drinking Water Week" Program *
1 "June is Garden Month" Program *
1 Water Help Walk-Run Race *
1 Wastewater Awareness Week Program with:
   — 1 Wastewater Essay Contest
   — 1 Wastewater Art Contest
   — 1 "Think Before You Pour it Down the Drain" Program

2 Public Meetings to Provide Information on Ongoing Sewerage System Construction Projects; Future Construction Work

2 Media Tours of the Sewerage System, including demonstrations of smoke, video and dye testing, no-dig repairs and standard repairs

5 Public Tours of the Sewerage System

1 Educational/Training Program for Hotel Food Service and Restaurant Operators and Food Processors
1. Educational/Training Program for Health Department Inspectors responsible for grease trap and other sewerage-related inspections

12. Educational Programs for Employees

✓ Coordinate the public affairs activities of all Sewerage and Water Board departments which have contact with the public or conduct public educational or environmental awareness programs.

✓ Prepare Quarterly Reports or Newsletters on sewerage projects to be distributed to customers as billing inserts and available at S&WB offices

✓ Provide Back-to-School Book Covers

✓ Expand the Sewerage System section of the Annual Report to include more details of projects

✓ Produce and distribute 2 billing inserts on sewerage subjects

✓ Begin to produce a video for use in all public events

✓ Complete production of a video for use in all public events

✓ Order appropriate materials for distribution

✓ Produce and distribute three PSAs on wastewater

✓ Begin to create a Home Page on the Worldwide Web to provide current information on sewer projects citywide

✓ Complete Home Page on the Worldwide Web

✓ Begin to create an exhibit which features wastewater treatment (for use at public events)

✓ Complete an exhibit which features wastewater treatment

✓ Advertise the availability of water, drainage and wastewater materials for teachers and register the materials as resources which they can order for classroom instruction or projects

✓ Include sewerage system information in four Pipeliners (employee newsletter) so that employees can better understand and discuss the system with customers.

✓ Write and distribute 4 News Releases and 4 Feature Leads to news media

✓ Prepare information to be sent to organizations for inclusion in their group’s newsletter (2 times)
✓ Schedule S&WB officials on 4 broadcast talk shows and 4 featured speakers at appropriate events

✓ Order or produce educational materials, such as brochures, handouts, fact sheets, book covers, etc.

✓ Join as many neighborhood and civic organization in the city as possible and encourage employees to become active members in the groups

✓ Devise a reporting form to track outreach program's activities, including date, time, location, group or event name, number of persons reached, subject(s) covered and number of materials distributed

✓ Complete a monthly Tracking Report

✓ As necessary, advise public of anticipated and emergency repairs involving sewerage and emergency repairs involving sewerage projects through Home Page, media releases, alerts and bulletins, phone center incoming calls, notification to homes or billing inserts

* Established annual programs conducted by the Sewerage and Water Board of New Orleans to which sewerage system elements will be introduced.
